

Learning Log: Reflect on your skills and expectations

Instructions

You can use this document as a template for the learning log activity: Reflect on your skills and expectations. Type your answers in this document, and save it on your computer or Google Drive.

We recommend that you save every learning log in one folder and include a date in the file name to help you stay organized. Important information like course number, title, and activity name are already included. After you finish your learning log entry, you can come back and reread your responses later to understand how your opinions on different topics may have changed throughout the courses.

To review detailed instructions on how to complete this activity, please return to Coursera: [Learning Log: Reflect on your skills and expectations](#).

Questions and responses:	<ul style="list-style-type: none">What do you notice about the ratings you gave yourself in each area? How did you rate yourself in the areas that appeal to you most? <i>I'm naturally curious, so I need to learn more about the other areas.</i>If you are asked to rate your experience level in these areas again in a week, what do you think the ratings will be, and why do you think that? <i>I think that it will change, because I always try to get better.</i>How do you plan on developing these skills from now on? <i>I will study more about it. And step by step I know that I will get better.</i>
